PLAYOUT AS-A-SERVICE

Lower your costs, rapidly launch new revenue-generating TV services, and grow your business.

NETERRA FOR YOUR BUSINESS

We provide an integrated system and connectivity-as-a-service solution to deliver audio/video content to traditional broadcast satellite and cable media, as well as modern Over-The-Top IPTV delivery platform.

WHAT WE CAN DO FOR YOU

- TV channel, Multichannel and IP based playout
- Recording
- Multi audio languages
- Live events insertion
- Advertisement insertion
- Time-delay
- Overlay graphics and logo channel branding
- Full system redundancy & Content backup
- 24/7 monitoring, control and support

ADDITIONAL SERVICES & SOLUTIONS

- **Playout Hosting** - Colocate your equipment in our datacenter and let us deal with 24/7 multilevel monitoring, automatic switching to backup and delivery;
- **Recording of the broadcasts** for archiving purposes;
- **Transcoding** - If your content is not compliant with input file recommendations or you need to add several formats of output;
- **Additional storage space** for NAS (Network Attached Storage) content - For additional protection of your content or in case you need more space for archiving purposes;
- **Control of audio levels** in accordance with local regulations
- **Channel Branding** - We can create a logo and animated graphics for your project;
- **DVD, HDD, and FTP** - supported media for the client's content.
